Dear Mr Balasundaram Iyer,

In continuation of my letter No 9913 / 655 of 30 April 1909 I would submit it for the consideration of Government whether Mr Metcalfe who has applied for a house near the College may not be appointed Warden of the College Hostel with Mr Venkatadasappa under him as Superintendent to help him Mr Metcalfe may be given the Superintendent's house free of rent for his occupation, just as the Warden of the Victoria Hostel in Madras is given a free house without any additional remuneration If this idea is approved, I would ascertain from Mr Metcalfe through Mr Tait whether Mr Metcalfe would consent to be Warden Probably if he is told that there is no irrediate prospect of a separate house being constructed for him, he will consent

Mr Venkatadasappa would be under his orders and

7 The principal change made by the new rules is however in the replacement of the full-time Supt by a warden who is a member of the teaching staff

In ~~his letter~~ the Principals letter to the Sec. of Govt dt 19 April 09 the reason for this change are stated as follows.

'In order that the Hostel may have the full confidence of parents, and in the best interests of the students themselves, the Hostel should be under the control of a member of the teaching staff of the College. Experience has shown that it is impossible for any person other than a member of the teaching staff to exercise the requisite influence over the boarders in the Hostel" This seems to imply the existence of serious defects in the management of the Hostel upto now The system of management I'

full-time Supdt who is not a member of the teaching staff of the College has been in existence from 1901 ie for nearly 8 years, & was introduced after ~~a trial of~~ ~~a trial was made~~ of a warden from the teaching staff was found wanting. ~~But~~ During all these years, Govt have been under the impression that the hostel has been efficiently managed & it is therefore a matter for surprise to be told by the Principal that the system is ~~very~~ defective in essential particulars,

That the hostel does not possess the confidence of parents and that the ~~Supdt~~ requisite kind & amount of influence are not brought to bear on the students This is spoken of as an ascertained matter of experience.

8 If these conclusions ~~are based~~ are based on concrete instance of mis-management by the Supdt & misbehaviour on the part of the boys the Supdt of the hostel and the Principal of the College would seem to be much to blame for not taking effective measures earlier & for not reporting the true state of things to Govt

NOTE—Contn sheet

Serial No

9 The Supdt as the man immediately responsible would deserve some more severe mark of the displeasure of Govt than a mere transfer to another appointment. In this view of the case it seems desirable to call for a detailed report & the result of any enquiry made into the matter & the explanation of the Supdt &c.

If, on the other hand, the opinions expressed by the Principal are not based on concrete facts but on more or less a priori reasoning it seems hardly just to the Supdt to ~~remove him~~ condemn his management of the hostel in the terms quoted & to remove him from the place without sufficient reason & as stated by the 2nd of Govt it is not very easy to find another place for the Supdt in the Educational or any other Dept on his present pay & the arrangement will lead to extra cost of the present Supdt has to be found a place & the new warden is to be given an allce

10 On the whole no sufficient Case seems to have been made out for any change as suggested by the Prin

As an abstract question it is perhaps likely that a member of the teaching staff would command the regard of the students to a larger extent & ~~to~~ exercise greater influence over them than an outrider could do. It would be well if such a warden could manage all the affairs of the hostel himself without a low paid manager between himself & the boarders. The interposition of such a low paid official is likely to create trouble as he would not be above temptation & would not command the regard of the boarders // The system of a warden from the teaching staff & a manager was tried for a time when the hostel was started in 1901, but the principal found it unsatisfactory & had it replaced by the management of a full time superintendent. It is not clear No details are given as to why the defects found, but it is gathered from Mr Cook's report that among other things the warden could not spare sufficient time to attend to the affairs of the hostel & that he could not reside on the premises. Perhaps under the proposed arrangement a resident warden would be able to find the necessary time for the work & the system change might be

more successful than it did in 1901

12 If the present system is to be changed as suggested by the Principal it seems more desirable to have a native member of the College Staff as warden than an European Professor. The native warden would be more able to manage the domestic arrangements of the hostel than the European professor. The latter would require the assistance of a manager or other subordinate & the system is sure to cause dissatisfaction to the boarders for obvious reasons

13 The principal & other professors will be on the Committee of management & if they visit the hostel from time to time they will be able to exercise the necessary amount of beneficent influence on the Students

Mr. Tait adds that the dissatisfaction which he expressed during these 3 months Seems to have caused Mr. Venkatadasappa to take leave.

Mr Tait therefore proposes to appoint Mr Venkatadasappa as Librarian of the College on his own pay of Rs 100, the present Librarian on Rs 30 having been ordered to retire from 1st July 1909 He also Requests that an Asstt Librarian on Rs 25 may be appointed and that an allowance of Rs 100 be given to the Warden.

28 Mr Venkatadasappa has been in charge of the Hostel from February 1901. Mr book

who took such a keen interest in the welfare of the Hostel would certainly have taken steps to set matters right if he had found it mismanaged On the other hand he seems to have been satisfied with the management as he had reported every year (in the college Reports) that the hostel was under excellent management.

29 The pay fixed for the Librarians of the College in G.O. No 9876-80/G.S. 324-06 dt 30/3/08 saved the Reorganisation of the colleges to suit the new University Regns is only Rs 80. whereas under Mr Tait's proposals

of Superintendent of the Hostel The I G has shewn clearly how mr Tait's proposal to appoint Mr Venkatadasappa as Librarian is open to objection The increased expenditure on State Funds which would result by sanctioning that proposal is in no way justifiable.

32 Then again, the proposal to appoint a member of the teaching staff of the Central College to the post of Warden on Rs 100 ~~pm~~ with free quarters the post of the Supt being abolished also seems objectionable - The duties of Professor, Warden and Supt are so varied that it seems doubtful whether one man can attend to all of them satisfactorily (Vide the I G's ~~letter~~ reply to mr Tait, dated 21st April 1909)

Venkatadasappa for a space of three months he does not consider that he possesses the "sufficient energy & force of character" to manage the hostel. If it were a question of selecting a new man for the place such an opinion held by the Principal might be thought sufficient to disqualify the candidate, but in the case of a man who has been in charge of the hostel for over nine years the absence of energy & force of character ought to have shown itself in specific defects of a more or less serious character nature.

35 In the absence of any such defects there seems to be no case made out for a radical change of management such as has been proposed.

36 It is to be feared that either the Jail has judged Venkatadasappa somewhat harshly on inadequate grounds or that he has not chosen to furnish you with the facts on which his opinion is based & which justify it.

Dear Mr Balasundaram Iyer,

With reference to your letter of July 3 about Mr B Venkatadasappa, I enclose copy of the reply received from Mr Tait to whom I communicated the contents of your letter

You will see that he refuses to admit Mr B Venkatadasappa into the hostel again, and wants (1) sanction for the new Rules, (2) appointment of Mr S Krishnasami Iyengar, M A , as Warden, (3) the attaching of Rs 100 as pay to the Wardenship, though for the present the pay will be withheld, until I suppose Mr Venkatadasappa can be provided with equal pay elsewhere

I am sorry all these proposals of Mr Tait savour of wilfulness He shows no desire to comply with the wishes of Government and again makes impracticable proposals

This is the first time that Mr Tait has openly expressed his desire to appoint Mr Krishnasami Iyengar as Warden, and he is evidently determined to take away the pay of 100 Rs from Mr Venkatadasappa and give it to

Hostel Superintendent were tried in 1901 with Mr. S Krishnasami Iyengar M A , but experience shortly proved that the work was too much for Mr Krishnasami Ivergar in addition to his duties in the High School of the College and that Mr Cook had to select Mr Venkatadasappa as whole-time Superintendent But Mr Tait says that "experience has shown that it is impossible for any person other than a member of the teaching staff to exercise the requisite influence over the boarders in the Hostel" In 1901, Mr Krishnasami Iyengar was not able to reside on the premises and Mr Tait reports that as Warden, he will now occupy the Hostel Superintendent's quarters

(4) Mr Tait's recommendation for the selection of a member of the teaching staff as Warden may be accepted The Council are of opinion that the Warden may be allowed free quarters near the Hostel but will get no other allowance for this duty and that Mr S. Krishnasami Iyengar may be appointed Warden as recommended by Mr. Tait These proposals may be sarctioned.

(5) The draft rules submitted by Mr Tait were corsidered in Council The proposed rules invest the Warden with powers of control over the boarders and

#f 56

supervision over the domestic arrargements of the Hostel In according their general approval to the draft rules, the Council are of opinion that the combination of these functions in one and the same person would prove too much for him and otherwise impracticable and therefore a Manager or Superintendent should be appointed to look after the domestic arrangements of the Hostel, the Warden looking after the behaviour and morals of the resident students, control the finances and exercise general supervision over the work of the Manager The recommendation of the Council may be accepted

(6) The Council are also of opinion that the appointment of a Manager may be made after Venkatadasappa who has become obnoxious to Mr Tait is provided with another suitable appointment and that for the present the existing arrangements may continue under Mr S Krishnasami Iyengar This may be approved.

(7.) As regards Venkatadasappa, he is at present attached to the Office of the Inspector General of Education and the question of a suitable appointment for him is under correspondence with Mr Weir.

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 9913/655

Bangalore, 30th A p r i l 190 9

From

H J BHABHA, Esq, M A,
Inspector General of Education in Mysore

To

K.S Chandrasekhara Iyer, Esq ,B A ,B L ,
Secretary to the Government of H H the Maharaja of
Mysore, General and Revenue Departments, Bangalore

SIR,

I have the honour to inform you that the Principal of the Central College has revised the Rules of the College Hostel He submits them for the sanction of Government. I beg to forward a copy of the revised Rules together with a copy of the old Rules made by the late Principal two years ago in April 1907.

2 The chief point of difference between the new and the old Rules is that while according to the latter the hostel was "under the general management of the Principal," who was to have the help of a Superintendent resident on the premises with powers to control the behaviour of the students and the messing and general domestic arrangements, the new Rules abolish the post of Superintendent and contemplate the appointment of " a member of the teaching staff" who should be called Warden and combine in himself the following functions,viz., (1) of college lecturer or a member of the teaching staff (2) Warden of the hostel with powers to control the general behaviour morals and studies of resident students and (3) Manager or Superintendent to supervise and control the domestic arrangements of the hostel and its

combination of duties struck me as against the

the spirit of section 103 of the Service Regulations and Government Order No 8022-3/Edn~~192-08-2~~ 152-08-5 dated 16th February 1909 which sanctioned six months' leave on private affairs of Mr Venkatadasappa the Superintendent and the acting arrangements during the leave The appointment of a member of the College staff to act as Superintendent was by this Order sanctioned only as a special case.

3 I am of opinion that such a combination of offices in one and the same person is sure to be detrimental to the teaching work of a college lecturer who would be saddled with the domestic arrangements of nearly a hundred resident students I accordingly asked Mr Tait to reconsider his proposals and see whether he could not leave the Superintendent in charge of all the domestic arrangements and ask him to help the Warden in correspondence, accounts and such other general duties, while the Warden may look after the morals and behaviour of the students I suggested that the Warden might be provided with a free house, which is now occupied by the Superintendent, in consideration of the fact that he will look after the morals and behaviour of the students The Indian Universities Act contemplates that the Principal and some Professors should be provided with quarters close to the College, and in the spirit of the Act an Indian lecturer of the College may be provided with free quarters on the premises of the hostel and called Warden, with a view to his looking after the behaviour of the students This is actually done in the best and largest hostels of Southern India In the Victoria Hostel of Madras the Warden is elected from the Principals and Professors of the Madras Colleges and is given for his remuneration only free quarters During recent years Professor Littlehailes and Principal Stone have been Wardens It is the Warden's duty not only to look after the behaviour and morals of the resident students but also to control the finances and exercise general supervision over the Managers, who correspond to the Superintendent of the Central College Hostel. The Managers of whom there are more than one in the Victoria Hostel attend to the domestic arrangements which fully occupy them. The Managers are paid from the fees paid by the boarders Similar

Similar [illegible] are employed in the Christian College hostels with the same or similar distribution of duties In the Maharaja's College hostel at Mysore, Mr Denham as President of the Committee exercises general supervision and is helped by a superintendent who is a member of the College staff on Rs 30 paid from the boarding fees, which provides him with a free house in the close vicinity of the hostel. The Superintendent looks after the behaviour of the students and has under him a manager on Rs 25 who attends to all the domestic arrangements The Manager is paid from the Government grant-in-aid of Rs 71 per month, and he is not considered a Government servant

4 In the Central College hostel, however, the present Superintendent is paid Rs 100 a month and is a Government servant qualifying for pension. He was first appointed in 1901 to control the behaviour of the students as well as their general domestic arrangements on Rs 60 per mensem paid from the Government grant-in-aid But Mr Tait himself when he was acting as Principal during Mr Cook's absence on leave was so much pleased with his work that in 1902 he strongly recommended that Mr Venkatadasappa might be confirmed in his appointment, and regarded " as one of the regular college staff and placed accordingly on the graded list of the Educational Service of Mysore" with effect from the 26th May 1901 the date on which he was first appointed These recommendations were sanctioned by Government in their Order No 339-41 /Ed F 42-96 of 7th July 1902

5 Mr Tait is now of opinion that a member of the College staff should be appointed Warden and he should perform all the duties of the present Superintendent, that is, look after the behaviour of the students as well as the domestic arrangements of the hostel in addition to his duties as lecturer He insists that his proposal should be submitted to Government for approval I accordingly submit the whole correspondence on the subject quoted in the margin for the Orders of Government.

functions of a College Assistant Master and the hostel superintendent In his letter No 105 dated 20th August 1901 to the General Secretary (quoted in full on p IX of the monthly Book of Proceedings of September 1901) he says " The Hostel was started under the management proposed temporarily in my letter to Government No 357 dated 31 January 1901, with Mr S Krishnaswami Iyengar M A , Assistant Master as Superintendent of the Hostel with an allowance of Rs 40 per mensem and B Rama Rao as Manager on a pay of Rs 30 per mensem, but experience shortly proved that the work was too much for Mr Krishnaswami Iyengar in addition to his duties in the High School of the College, seeing that he was not able to reside on the premises and he fell sick of fever about the 6th April 1901 " It was then that Mr Cook on the advice of Sir K Sheshadri Iyer employed Mr B.Venkatadasappa who had some years' experience as Superintendent of the Ursu Students' Home in Mysore, as Superintendent of the College hostel and entrusted him with the duties of controlling the behaviour of the students and the messing and general domestic arrangements of the hostel He was given free quarters as well as a monthly pay of Rs 60 He gave complete satisfaction to the late Principal in the discharge of his duties And Mr Tait himself expressed his satisfaction to Government in his letter No 440 dated 28th April 1902 to the Secretary to Government recommending the confirmation of Mr Venkatadasappa on a higher pay of Rs 100

7 The question whether the duties of two different offices carrying its own pay should be combined in one and the same officer I leave it Government to decide. The necessity "on public grounds" and the feasibility of such a combination have not been shown by Mr Tait

8 He requests me to provide another place for Mr Venkatadasappa in the Education Department, I regret I am unable to find for him a place on the same pay of Rs 100 elsewhere in the Education Department Mr Tait requests that Government may be pleased to find a place for Mr Venkatadasappa in any other Department I submit his request for

for the Orders of Government Mr Venkatadasappa has passed the Matriculation Examination and has I believe got the diploma of the first class in Agriculture of the Madras Agriculatural College

9 To my question as to what future arrangements Mr Tait contemplates after Mr Venkatadasappa is otherwise provided for, Mr Tait gives no reply, but leaves it to be inferred that he contemplates giving the three-fold duties mentioned above to Mr S Krishnaswami Iyengar M A

10 Mr Tait has not permitted Mr Venkatadasappa to return to his duties though he applied for permission to do so on or about the 19th April 1909, evidently in view of his proposals being sanctioned by Government Under these circumstances I request the favour of very early Orders on this letter I request that the correspondence quoted in the margin may be kindly returned when done with

Inspector General of Education Mysore, Bangalore

I have the honor to enclose three copies of the rules of the Central College Hostel as recently revised by the Hostel Council and one copy of the 1907 rules and to request that you will be so good as to obtain the sanction of Government for the revised rules

The chief points in which the revised rules differ from the previous rules are as follows -

1 In order that the Hostel may have the full confidence of parents, and in the best interests of the students themselves, the council has unanimously decided that the Hostel should be under the control of a member of the teaching staff of the College Experience has shown that it is impossible for any person other than a member of the teaching staff to exercise the requisite influence over the boarders in the Hostel In order that this change may take effect at an early date I have already requested you to assist in procuring the transfer of Mr B Venkatadasappa the present Superintendent of the Hostel (now on leave) to some other appointment

2 In order to emphasise the more important side of the duties of the post it is proposed to change the title from Superintendent to Warden Increased powers are given by the revised rules to the Warden

3 Instead of a fixed charge of Rs 8/- per month for board and an additional charge of 1 Rupee 4 annas for lighting and dhoby it has been decided that the monthly cost of food,cooking (including cook's wages) washing & lighting shall be divided

in equal [a] ?es among the boarders This revised rule i being acted on in anticipation of sanction because the fixed charges of the old rules was insufficient in the present high prices of food stuffs

4 In order to carry out the change mentioned in Paragraph 3 it has been decided to require a deposit of Rs 15/- from each boarder on admission

I have the honor to be,

Your most obedient servant,

From

H J BHABHA, ESQ, M A,
Inspector General of Education in Mysore

To

J G Tait, Esq ,M.A ,
Principal, Central College,
Bangalore

SIR,

With reference to your D O letter of 12th April 1909 and the first point of difference between the existing rules of the Central College Hostel and the revised rules you have submitted for sanction as shown in your letter No 309 of 19 April 1909, I have the honour to point out that your proposals amount to combining in one and the same person the duties of (1) college lecturer or member of the teaching staff (2) Warden of the hostel who has control over the general behaviour morals and studies of resident students and (3) a manager or superintendent who supervises and controls the domestic arrangements of the hostel and its finances Such a combination of distinct sets of duties is against the spirit of the service regulations, especially when two of them have separate pay attached to them. I would draw your attention to section 103 of the Service Regulations and to Government Order No 8022-3/Edn192-08-2 sanctioning six months' leave on private affairs of Mr Venkatadasappa. Government sanctioned the acting arrangements "on the understanding that for special reasons it was necessary on public grounds to entrust to one

one officer the duties of two offices" Government have unmistakably indicated their view in this Order regarding the combination of the duties of college lecturer and Superintendent of the hostel

2. It was for this as well as other reasons that in my D O letter No 55 of 5 Apirl, I suggested that the Warden if he was a member of the teaching staff might be given a free house and made to exercise the higher duties of supervising the behaviour and morals of the resident students, while the domestic arrangements might be left to the Superintendent who would have quite enough to do in his department and might be given his present pay An ideal professor has proverbially no time to look after the domestic arrangements of his own family, but to saddle him with the supervision of the domestic arrangements of a hundred resident students must be detrimental to his proper professorial duties It does not seem to me at all likely that Government would agree to such a combination of duties On the other hand a member of the teaching staff may be given a free house within the premises of the college or its hostel with a view to his exercising control over the morals and behaviour of the resident students It is chiefly for such control and influence that the Indian Universities Act provides for the free quarters of some Professors close to the College

3. I have already told you in my D O letter No 55 that it is not possible to provide another place of equal emoluments for Mr Venkatadasappa in the Education Department And I doubt very much if Government will be able to find an appointment of similar emoluments for him in any other department Under these circumstances though I have every desire to help you, I regret my inability to recommend your proposal regarding Mr Venkatadasappa to Government until I know that the further arrangements you contemplate after providing for Mr Venkatadasappa elsewhere are both feasible and absolutely necessary, and such as commend themselves to Government.

I have the honour to be,
Sir,

OFFICE OF INSPECTOR GENERAL OF EDUCATION IN MYSORE

No 11429/743 Enc(1)

Bangalore, 12th June 1909.

From

H J BHABHA, ESQ, MA,
Inspector General of Education in Mysore

To

K S Chandrasekhara Iyer, Esq ,B A ,B L ,
Secretary to the Government of H H the Maharaja of
Mysore, General and Revenue Departments, Bangalore.

SIR,

With reference to your letter No 11667/Edn418-08-dated 21st May 1909 I have the honour to send herewith a copy of Mr Tait's letter No 357 dated 12th June 1909 in which he makes modified proposals about Mr Venkatadasappa, Superintendent of the Central College Hostel

2 He proposes that Mr Venkatadasappa may be appointed First Librarian on his own pay of Rs 100 from 1st July next in place of the present Librarian who will retire on that date that a Second Librarian may also be appointed on Rs 25, and a member of the teaching staff of the Central College appointed to the post of Warden of the Hostel on Rs.100 the Superintendent's place being abolished

3 Mr Tait makes no specific report of mismanagement of the hostel by Mr Venkatadasappa to show the necessity of removing him from the post of Superintendent, and he has therefore obtained no explanation from Mr Venkatadasappa He states in the letter that Mr Venkatadasappa has not sufficient energy and force of character and is not able to act on his

his own initiative, and adds that the portion of his letter relating to Mr Venkatadasappa was shown to him and he had nothing to say in reply Mr Tait's statement of his inefficiency is worded in general terms and Mr Venkatadasappa probably would not think it wise to reply to it as he has been recommended for another post on the same pay of Rs 100

Mr Tait's present proposals are open to grave objections for more than one reason They involve in the first instance an increase of Rs 95 at once from 1st July in the cost of the establishment of the Library

Present establishment		Proposed establishment	
One Librarian on	Rs 30	A Chief Librarian on	Rs 100
total	Rs 30	An Assistant do on	Rs 25
		Total	Rs 125

5 In Mr Tait's letter No 324 dated 30th April 1909 of which a copy has been submitted with my letter No 10230/672 of 10th May 1909, he proposed that a Chief Librarian might be appointed on Rs 40 in the grade of Rs 40-5/2-50, an Assistant Librarian on Rs 25 in the grade of 25-1-30 and a library peon on 8-1-10 These proposals involve an immediate increase from Rs 30 to Rs 73 and an ultimate increase from Rs 30 to Rs 90 for the Library The peon might perhaps be left out of calculation and a peon from the existing establishment detailed for Library work, and then the establishment for the Library would be within the limit of Rs 80 approved by Government Order No 9876-80/Ldr324-06-9 dated 30th March 1908 Instead of a maximum establishment of Rs 80 for the Library, Mr Tait's present proposals amount to Rs 125, and obviously a Chief Librarian on Rs 100 is too costly

6. Mr Tait's proposals in the enclosed letter for the place of Warden of Hostel if sanctioned will provide a free house and an allowance of Rs 100 for the Warden paid from the State Funds, and the place of Hostel Superintendent or Manager will be abolished As explained in para 3 of my letter No 9913/655 of 30th April 1909 a member of the College staff may be appointed Warden and provided with free quarters in the Hostel, as the Wardens of the best hostels

lostels in Southern India are, with no allowance in addition. Mr Venkatadasappa may be made to serve as Superintendent or Manager under the Warden, and if he is wanting in energy initiative and force of character the Warden may guide him and keep him upto mark Such an arrangement will obviate the objections of Mr Tait to Mr Venkatadasappa and not necessitate the additional expenditure of Rs 45 over and above the maximum limit of Rs 80 for the Library approved by Government Order No 9876-80/Ldn324-06-9 of 30th March 1908 The loss of free quarters to Mr Venkatadasappa may be made up by an allowance for houserent of Rs 10 or 12 from the hostel funds and not the State Funds The College Hostel costs a large amount to Government already, which is against the recommendation of the University Inspection Commission to the effect that all College Hostels should pay their own way

I have the honour to be,

Sir,

Your most obedient servant

No 357 10th June 1909

From

J G Tait, Esq ,M.A

Principal, Central College Bangalore.

To

H J Bhabha, Esq ,M A

Inspector General of Education in Mysore, Bangalore

Sir,

With reference to your letter No 11327/1093 communicating a letter from the Secretary to Government No 11667/Edn418-08 dated 21 May 1909, I have the honour to submit the following report and recommendations -

1 I am asked why I did not take steps earlier to set matters right in the Hostel From April 23rd 1908 when I became Principal till January 14th 1909 when Mr B Venkatadasappa went on leave the Hostel was open about six months Out of these six months Mr B Venkatadasappa was on leave about three months and on duty about three months The dissatisfaction which I expressed during those three months caused him, I believe, to take leave on January 14th 1909 in the hope of being transferred to some other post

2 I now come to the question of Mr B Venkatadasappa's fitness to the post of Hostel Superintendent It is necessary, in my opinion to have a man who, left to his initiative, can make students, servants, and Contractor, understand that he knows everything that is going on, and who, without nagging about trifles, lets everyone see that rules must be obeyed Under a man of sufficient energy and force of character, who has the necessary tact and temper, everyone soon learns what is expected of him and accommodates himself to the situation. If I am asked whether I think that Mr B Venkatadasappa has sufficient energy and force of character for the post, I am compelled to say that I do not think he has As the Inspector General is unable to provide for him elsewhere in the department, and as Government declares that his

his transfer to some other department is out of the question, I propose with the permission of Government to give him a trial in another post, in which he will be merely doing routine work, and in which he will not be left to his own initiative

3 The present Librarian of the College retires from service at the end of this month, and I have already requested sanction for the appointment of an additional Librarian from 1st July 1909 I request that Government will sanction (1) the transfer of Mr B.Venkatadasappa to the appointment of Librarian on his present pay from 1st July, (2) the appointment of an additional Librarian on Rs 25 and (3) the appointment of a member of the teaching staff of the Central College to the post of Warden on Rs 100

4 The draft of this letter, so far as it affects Mr B Venkatadasappa, was shown to him He does not desire to submit any statement

I have the honour to be,
Sir,

Bangalore 11/8/7 1909

Dear Mr Balasundaram Iyr

In reply to
Your D O no 1305 requesting for
information re Hostels I am directed
by the D G to submit all the information
I could obtain. Much of what I have
written regarding the Kcan college
System is from my own knowledge and
experience & as I was in the Second
Students House for near 5 years I think
I can claim to have some knowledge
of the Nature & working of these Constit-
tutions which, I am sorry, have not
Changed much since my days I
have also jotted down a few things
about Hostels in some distant-
parts of India

Dr Kumar writes to me to
say that the rules book I could
of much use to us as they deal

Some facts relating to management of Hostels outside Mysore 30

The Madras Christian College -

Number of Hostels. Four One for Christians, two for Brahmins(Vaishnavites & Saivites) and one for Non-Brahmins

Manager Each Hostel has a manager of its own belonging to the same caste as the members He is appointed by the College and receives a salary of about Rs 40 or 50 a month with right of dining in the hostel free of charge His duties are - to look after the supplies and kitchen arrangements, to collect fees and generally conduct the establishment

Secretary - Elected by the members from amongst themselves Duties - To help the manager in correspondence and supervision, to keep minutes of Committee meetings

Committee - Of not more than three elected members Its functions are purely advisory, being confined to ventilation and discussion of grievances and suggestion of remedies The committee can appeal to the College Council

Superintendent - Is always a Professor of the College and his charge includes all the Hostels He visits the various Homes, at least once a week each and he is within easy reach of the members

Duties - Deciding on admissions, receiving complaints, redressing real grievances, awarding punishments, and maintaining discipline He presides at the two General meetings held during the year, one at the end of each term

College Council is final authority to which appeals may be carried

Visitor is some one member of the Council who is supposed to keep himself well informed of the occurrences in the Hostel to which he is attached by frequent visits and intercourse with the members

Finances - The fundamental principle is that the Homes should be self-supporting, ~~as~~ a rule laid down by Dr Miller ~~even~~ even more for moral than for economic considerations I remember learning him say at a Meeting where we pressed for remissions or grants, that the taint of a work house or charity establishment should never rest on a Students' Hostel As the Homes were intended to give us practical training in Self-Government, we were to be taught that the first and most elementary condition of it was Self-help

Boarding Expenses are distributed equally amongst the members each month The old system of fixed monthly charges is not much in favour as it led to continual grumbling regarding the quality of meals Now members can fare as well as they can pay for

Rent or General Fund Account From this is paid (a) The salary of the Manager, (b) Expenses incidental to minor and recurring repairs

It is intended to throw the manager's salary into the Boarding account and to accumulate a consolidated reserve for all the Hostels for meeting charges for extraordinary repairs and even re-constructions The maximum that the College would do is to undertake large additions or works of a permanent kind involving an enormous initial outlay

The two principles that seem to distinguish the Christian College system are - (1) The Homes are self-supporting and (2) The manager is always a minor officer It is felt that for the work he has to do a bigger person would be out of place As he looks after the meals &c , and comes into very familiar contact with the members and is often the object of their complaints he can of course exert much of an influence on them So this

this part of the work of a hostel viz , the moral training and discipline - is wisely left to the Visitor and the Superintendent to whom distance lends part of the authority and respect they enjoy It would be a waste of money to have a highly paid manager, and it would be unwise to have a high educational officer as manager

Baroda The College provides living accommodation and kitchens Boys form into messes according to caste or locality or other principle of unity and make their own boarding arrangements, using either the College kitchens or renting places outside Neither directly nor indirectly does the State contribute to their expenses The Rent account is kept separate and includes cost of repair &c Medical inspection is provided for by the State

Poona Colleges Same as Baroda - Only no medical inspection so far as I am aware of

Victoria Hostel Madras " The Warden has gereral supervision and in particular decides all admissions and allots rooms The Deputy Warden supervises the kitchensdepartment There is a pensioned soldier who as also a house steward looks after the residential part of the hostel

Students pay rent varying according to room from 3 to 5 rupees a month They also pay monthly establishment charges and a reading room fee The cost of boarding is divided among the messers monthly and each pays his share so that this is quite self-supporting Government does not contribute to the expenses of the hostel which on the contrary saves money annually on rent Government however bore most of

of the cost of erection " (Extract from
letter of Mr J H Stone)

Extract from a letter of Dr Skinner dated 7th Aug 1909

" Our hostels may all be called selfsupporting We keep two accounts in each - the Boarding account and the Rent account The boarding expenses are met by the former, and in two of our Hostels we have now adopted the plan of distributing the expenses equally among the members instead of making a fixed monthly charge The Rent account bears the cost of ordinary repairs and also of the Manager's salary, except in the Fern Hostel where the C M S pays the Manager's salary as having an interest in the Hostel I don't know if this latter arrangement is right and probably some day we shall make the Manager's salary a charge on the Boarding account Extra-ordinary repairs, or addition to the buildings might have to be met by a grant from the College, but we hope to accumulate a considerable reserve in course of time in the Rent account, which is a consolidated account for all the Hostels None of the income derived from rent is available to meet the expenses of boarding "

Dear Sir,

With reference to your D O letter No 1504 of 5th August 1909 and reminder No 1811 of 19th August 1909, I beg to send herewith a statement showing the distribution of work between the members of the staff of the Maharaja's College both in the College and High School Departments Mr Tait was requested to furnish a similar statement, but he has contented himself by saying that his D O letter No 11 of 6th July, of which I have submitted a copy to Government, contained a full statement of the amount of work done by the staff as far as regards Physics and Chemistry With regard to the other members of the staff he says "Government may rest assured that each one has as much work as he can do" I have asked him again to furnish a copy of the timetable showing the distribution of work in my letter No 1748/158 of 13th August 1909 but I have received no reply I am sending him a reminder today

Yours sincerely,

H Bhabha
